

MAY POSTPONE CONVENTION

Democratic Committee to Decide Question Today.

MAY BE PUT OFF ONE WEEK

PLATFORM DISCUSSED AT MEETING OF DEMOCRATS.

As the result of suggestions from numerous prominent Democrats, it is possible that the date for the Democratic city convention will be changed from Wednesday next to one week from Wednesday. With this in view, Chairman Anderson will call a meeting of the city committee, to be held in his office this afternoon.

In support of the movement, it is argued that this will be a very busy week, the state fair opening on Monday, the conference on Friday. Other events are scheduled which would tend to distract the attention of the delegates. It is also pointed out that the district primaries, numbers of Democrats will be busy preparing for the coming election.

The attendance at the convention will be increased considerably, it is expected, by the postponement. With a larger attendance there will be more interest in the campaign and more enthusiasm. Another argument put forward by those favoring postponement is that the campaign requires money, an article which Democrats are proverbially short on.

The convention proposition and other matters were argued by a few Democrats who got together informally last night. Among the speakers brought up the question of a platform. The general opinion of the platform should be discussed on Wednesday night. It is thought that there is plenty of material to work on.

If the ideas suggested last night are carried out there will be no session on Wednesday. Every citizen who is eligible to vote in the coming campaign will be met fairly and fearlessly, and every citizen will know just where the Democratic party stands. The rights of the wheelmen were discussed at some length. Those present who rode wheels opposed any plank on this subject in the platform.

It was stated that the wheelmen of the city are against Mayor Thompson as a plank. They are all in the power to secure his defeat in the event of his nomination by the Republicans.

Major Thompson's nomination as a measure in the interest of bicycle riding was discussed. The speaker stated that every man who rode a bicycle in Salt Lake City, regardless of politics, will vote against Thompson, provided he can get a reasonable assurance that the Democratic candidate will give up fair treatment.

The question of the order of business in the convention so as to make the selection of a campaign committee come first was considered and heartily endorsed. It was agreed that in this way, and in this way only, suitable men would be selected.

Various names were suggested for chairman of the committee. The names of J. H. Dunbar, James C. Leary and W. H. Dine were mentioned.

over the death of President McKinley. He went with David Keith from Chicago to Canton on a special train provided by Postmaster Gordon of the former city. The Salt Lakeers were provided with accommodation at the Hotel Buckingham. From Canton Senator Kearns and Mr. Keith went to Washington on the same train. Then they went to New York and from there home. Senator Kearns says that in the east people have already adjusted themselves to the change and business is going on in the same old way.

Political Notes.

The Viking Republican league, that Scandinavian organization which has been mixing up so many rows during the last few months, is going to do some business in the campaign. That is the league thinks it is. One of the candidates against whom the Vikings will work is City Recorder Nystrom. It will be remembered that Mr. Nystrom was expelled from the organization for non-attendance, non-payment of dues and other things. He has said some unkind things about the league and its members, and he is left out for his scalp with meat axes.

STEPHENS FOR MAYOR.

Several of the friends of Attorney D. H. Stephens are urging him to permit his name to be put forward for the nomination as a candidate for the office of mayor. Stephens has declined the nomination on the ground that he is not a native-born citizen. He has said some unkind things about the league and its members, and he is left out for his scalp with meat axes.

Boon Was Soon Punctured by Mr. Stephens Himself.

A Frank B. Stephens mayoralty boom which was started yesterday morning has been punctured by Mr. Stephens himself. Several of Mr. Stephens' friends concluded that he would make a good mayor. They thought that he was a native-born citizen and that he was a good man. They thought that he was a good man and that he was a good man. They thought that he was a good man and that he was a good man.
